

DISEO™ TS

INTERACTIVE IDENTIFICATION KIOSK

The DISEO™ TS is an integral part of our reception management solution.

A truly interactive kiosk, the DISEO™ TS is ideal for multipurpose and scalable reception.

Design, modern, multipurpose and compact, the DISEO™ TS identifies your customers and communicates with them in an innovative way..

The system informs and directs your clients to several services. Robust and with high capacity printing, it is suitable for large flows and its 45 ° inclination facilitates its use.
